Solemn High Mass To Be Cele brated at St. Peter's Church Oct. 12.

As a memorial of the discovery of America by Columbus, a solemn high mass will be celebrated at St. Peter's church on Columbus day, Sunday, Oct. 12, at which the fourth degree assembly of the Knights of Columbus will assist in full regalia.

The occasion will also mark the initiation of over 200 knights into the fourth degree, which degree represents the pinnacle of Columbianism, and to attain which a member must have been in good standing for a period of two years or longer. A special dispensation has been secured, however, granting members in good standing for it menths the privilege of the degree.

A fourth degree guard of honor, with drawn swords, will lead the candidates in solemn procession from the club building to the church. The ceremonies will hearn again at 2 o'clock in the afternoon and will close with an elaborate banquet at the Hotel Chisca. The covered with patriotic decorations for the occasion.

MINISTER CHANGES HIS RELIGIOUS AFFILIATIONS

Has Answered Query.

Britain has six.

Has Answered Query.

The president has replied that America's one in the council constitutes a veto against Britain's six in the assembly for the latter body is a debating society while the former is the body which originates action. He has said that the British empire being composed of self-governing nations like Canada, New Zealand, Australia, India and South Africa has been given the right to have those states participate in the debates of the league by sending a delegate to represent each dominion. Mr. Wilson argues that the sacrifices made by those colonies in the late war as well as their close kinship for America, argues that they would be as apt to concur in the views of America as disagree, but that in any event, since an affirmative vote by the United States in the council is needed to make the assembly's opinions valid, it does not matter how many delegates any country has. So the Johnson followers have said that America should have six, too. The basis of representation, however, has been self-governing nations and the foreign policy of the British colonies is handled independently by them. Canada for instance, negotiated a treaty in 1910 with the United States. Once the bars are let down, and America is given delegates on the basis of her 48 states, as has been suggested, other nations would seek to have their provinces thus represented with the consequence that the assembly would be unwieldy. So the president argues that inasmuch as the United States on a theoretical equality might wreek the whole project. The president found a warm greeting in Utah, especially in Sait Lake, the home of Senator Smoot, Republican leader. The street crowds at Ogden were undemonstrative, but those at Sait Lake were cordial and enthusiastically animated.

Practically all the Republican and Democratic newspapers of the state with one exception are for the league

at Salt Lake were cordial and enthusiastically animated.

Practically all the Republican and
Democratic newspapers of the state
with one exception are for the league
of nations, and Heber J. Grant, head of
the Mormon church, has just come out
with a declaration in favor of the covenant and the league, saying that it is
well within the creed of the church.

But again how shall the militant public opinion which Mr. Wilson is leaving
in his wake as he travels castward
'assist the judgment of the senate" as
the president himself suggests. Organized opposition to the league is encountered everywhere. For instance the
Irish societies have trailed Mr. Wilson
in all cities with full page advertisements against the league. There is no Irish societies have trailed Mr. Wilson in all cities with full page advertisements against the league. There is no question about the fact that antipathy to Great Britain, which cropped out before the United States entered in the war in a period when a large section of American opinion was being asked to believe that British gold was corrupting our newspapers and that because the Lusitania was a British ship the wrong done American citizens should not be avenged, is again coming to the surface. Among the eight senstors who are understood to be opposed to the president on the Johnson amendment with respect to the votes of the British colonies are some who have large Irish voiling populations in their respective states. President Wilson has against him an active Irish-American and more or less passive but subtly effective German-American strength. He has been hammering the hyphen repeatedly because he thinks it is at the bottom of the coposition to the treaty.

The fight has just begun because the president means to go the very limit in differentiating his kind of Americanism from that which seeks to defeat the treaty under the guise of reservations, amendments or interpretations that means a resubmission of the document and a re-opening of the negotiations with Germany.

BITRO-PHOSPHATE IS GOOD FOR THIN **NERVOUS PEOPLE**

A PHYSICAN'S ADVICE.

Frederick S Kolle, D. D., Editor of New York Physicians' "Who's Who, says that weak, nervous people who want to increase weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you the easily: do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks supply—it costs only fifty cents a week.

Eat less: class your food thoroughly.

Create Gas, Sourness and Pain-How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning. an excess of hydrochloric acid in the stomach and not, as some believe, to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

and it would not be difficult for either side to handle the mechanics in such fashion as to enable them to clay a preponderance of opinion on their respective sides.

What tastics will avail then? Will the senate go so far as to adopt amendate that mean the resubmission of the document or virtually its rejection. Judging by the editorials we have seen all along the fine there are many newspapers that favor clarifying reservations, but again and again they have stated that they would not support chairnetive resolutions—those that would require a new conference of the powers in Paris.

As between such a contingency and especially the consequence of a furtier delay to the preclamation of peace throughout the world, most of the newscaper editors with whom we have talled give it as their conclusive judgment that the people would rather see the covenant obpailified and America undertake to amend it later on when the league is established, than to see the work of the Versailles conference thrown into confusion and chaos again by a handful of sentors.

It was a Republican chairman at Reno, Nev., who exclaimed that he denied the right of a few Republican as nators at Washington to commit his narry to a course of opposition to the league of nations. Certainly the president thinks matters would be brought to a course of supposition to the league of nations. Certainly the president thinks matters would be brought to a course of poposition to the league of nations. Certainly the president that he assembly were to pass. Senator Johnson has argued that America would have six votes if Great Britan has Artificial digestents are not needed in such cases, and may do real harm. Try laying aside all digestive aids and instead get from Hanner-Ballard Drug C6. or Washburn-Lyle Drug Co., or any druggist, a small package of Bis-Mag Tablets and take two tablets in a quarter glass of water right after eating. This sweetens the stomach, prethere is no sourness, gas or pain. Bis-Mag Tablets are harmless to the stomach. Inexpensive to take and are used by thousands of people who enjoy their meals with no more fear of indigestion

Wednesday was a day of victories for Southern breeders of Shorthorn and Jersey cattle and Poland-China swine. The very cream of the breeds went down in defeat before their entries. In the Duroc show Orion Cherry Tip, from J. Bright Goodhar's Duntreath farm, at Porest Hill, Tenn. was judged senior and grand champion boar. This singly hog was sold to Duntreath by Pine Crest farm and the victory was in a measure a triumph for Pine Crest as well as Duntreath. Tom G. James, Pine Crest Orion Lady the 15th, sire by Scissors. Was grand champion of the sawa, and first in the junior yearling class, defeating Princess James, the senior now of Pine Crest Farm, Charles, on, Miss., which previously had won over the grand champion Duroc sow of Ohio. Indiana, Kentucky and Tennessee state fairs.

In the Poland China show Long Wonders King, a two-year-old boar weighing 1,000 nounds, belonging to Newton & Newton, of Oakdale farm, New Albany. Miss., won the grand championeship at the Ohio state fair and will be shown next week in the National Swine show as a candidate for grand champion of America. Miss Boulder the 3d, owned by George H. Hill, of Tupelo, Miss., was the grand champion sow. Marks & Davis, of Buntyn, Tenn., won the junior championship for sows with Sweet Inspiration. A Kontuckian, however, Wainwright Lea. of Brooksville, won the grand championships for cows with Lespedeza Bracel VIII, and also entered the junior championship for Shorthorn bulls, repeating triumpols of the same kind at the Missouri. Illinois, Ohio, Indiana and Kentucky State fairs.

Ohioans, Carpenter & Ross, of Mansfield, O., also had the senior champion whip in the Jersey cattle show.

The remainder of the Jersey champions were owned by Mrs. C. C., Folck & Son, of Springfield, O. Their Lilly's Oxford Majesty was junior champion bull; their Fox's Majesty Maid senior champion cow, Carrie's Last.

Why Buyers of Efficient Motor Transportation Select the Indiana

Large concerns select the Indiana for motor transportation. Though they may have millions at their command, these keen judges never buy a truck on the strength of a nan ie—they buy ton-miles and they select the truck which gives them the most miles at the lowest cost of operation per mile. On this basis the Indiam is invariably the ultimate selection. Approval of big business is good evidence of the value of

The first Indiana that was built is still in service—there are hundreds of Indianas built 5, 6, 7, 8 and 9 years ago that are still doing the same hard work day after day.
